# REDUCE TODAY, RESPECT TOMORROW\*

## Our sustainability promise

Because sustainability is a core value at Kimberly-Clark, we know that making better choices for the environment and society can many times mean making better choices for our business.

As a company with the mission to enhance the health, hygiene and well-being of people every day, everywhere, we have an obligation to meet high standards of environmental and social responsibility.

We understand that the way we use resources today will shape the world of tomorrow. That's why we're building sustainability into the very fabric of our business, focusing not only on products, but also on our operations, communities and employees.

We call our approach REDUCE TODAY, RESPECT TOMORROW\*

Our focus on reducing consumption at every stage of the product's lifecycle helps us offer customers high-performing, environmentally responsible choices.

We don't simply recommend products with high recycled content. We recommend products with low environmental impact. We recommend products designed to reduce:

- How much you use
- How much you waste
- How much goes to the landfill
- How much it costs

It's good to think about recycling. It's time to think about reducing.

#### NOTES

# Understanding Wipers

## Importance of Wipers

Wipers are essential parts of the manufacturing environment. They are used in practically every aspect of a facility's production, equipment maintenance and housekeeping operations, as well as for personal cleaning. In many applications, wipers are indispensable "tools" in performing a particular task. Therefore, the proper selection and use of wiping systems can have a dramatic effect on a facility's productivity, safety, regulatory compliance and cost-effectiveness.

## Fulfilling Customers' Needs

Most wipers used by industrial facilities leave much to be desired in terms of their overall impact on productivity, safety, regulatory compliance and cost-in-use.

- Using inadequate wipers which are not engineered for the specific task being performed, affects job quality and worker productivity.
- Incorrect wiping procedures, especially those involving potentially hazardous chemicals, can cause serious personal injuries in the workplace.
- Most wiping operations cost more in total than they should. This includes both excessive material cost (e.g. percentage of usable rags, cost of disposal and storage space) and inadequate performance associated with using for an application for which it has not been especially engineered.

**WYPALL\* X Wipers are made from patented HYDROKNIT\* material.**

HYDROKNIT\* is our most advanced wiper material. It's manufactured using jets of water to bond soft absorbent paper to extra-strong non-woven fabric. The result: fast absorption, outstanding tear-resistance, and exceptionally high performance on any tough task.

**WYPALL\* L Wipers and WYPALL\* X Wipers are manufactured under HACCP environments.**

WYPALL\* L Wipers and WYPALL\* X Wipers are manufactured in HACCP certified conditions.

The Hazards Analysis Critical Control Points (HACCP) Certification ensures our Food Service products are ideal for use in food preparation and manufacturing environments, which is a preventive system to ensure the safe production of food

# Advantages of Disposable Wipers

## Wipers VS Rags

- Free from contaminants
- Uniform quality, size and material
- Specifically & technically engineered for the task
- Dispensing is easy and controlled
- Packed in carton boxes, easier to store
- Advantage over rags in productivity and cost\*

- Not absorbent, synthetic fiber content
- Inconsistent size and quality
- Colour bleeds (smearing of dye from fabric)
- Least effective in performance vs. total cost
- Higher risk of personal injury
- High hidden cost (% of usable rags, storage and disposal cost)
- High in lint
- Non-hygienic
- Bulky

\*Note: for further information, please contact our sales professionals.

## Our Promise

**The right wiper equals the right wiping system for the job.**

For everything from the most delicate task to the toughest clean-ups, Kimberly-Clark Professional\* has the wiper you need and the most convenient method of dispensing it.

### **GUARANTEED SATISFACTION**

We take great pride in guaranteeing that every product we sell lives up to your expectations.

— "No Questions Asked". It's the same honest guarantee that we made more than 140 years ago and it's still good today.

#### **These solutions include:**

##### **The right tools for the job**

- Wiping materials with the precise mix of performance characteristics, such as strength, absorbency, durability, lint level and chemical compatibility, which the customer needs to perform different tasks.
- Dispensing systems that protect the wiping material from contaminations save time by conveniently providing clean wipers on demand and save money by reducing waste and pilferage.

##### **Enhanced personal protection**

- Training personnel in the correct use of wipers, for the customer's key personnel and employees.
- Innovation in products that help protect personnel through improved packaging and housekeeping.

##### **Regulatory compliance**

- Thorough products and systems that help facilities comply with Occupational Safety & Health Administration (OSHA), Environment Protection Agency (EPA), US Department of Agriculture (USDA), Food & Drug Administration (FDA), Resort & Commercial Recreation Association (RCRA) and Hazard Analysis Critical Control Points (HACCP) guidelines.

##### **Cost control**

- Providing the customers with the most efficient and effective wiping systems for their specific needs, that simplifies wiping procedures and saves money on labour, wiping material and chemicals.

## WYPALL\* L Wipers

L10 - L40 Wipers

## WYPALL\* L10 Jumbo Roll Wipers

### General duty / High volume / Economical wipers

On the factory floor, in garages or wherever continuous supply of wipers are essential to efficiency, WYPALL\* L10 Jumbo Roll Wipers solves the problem with long standing rolls for general wiping tasks and single use applications.

WYPALL\* L10 Jumbo Roll Wipers combine utility with economy.

#### Features:

- Strength and durability for general clean-up tasks
- High volume, economical and multi-purpose wiper
- Outstanding absorbency reduces usage

WYPALL\* L10 Jumbo Roll Wipers are manufactured in HACCP certified conditions

#### TYPICAL USES:

- General manufacturing areas
- Automotive plants
- Workshops and garages
- Mechanical services
- Food processing plants
- Laboratories

Description	Solvent Resistance	Absorption Capacity	Wet Strength	Absorption Rate

Floor Mounted Stand	88731	Black	1	

## WYPALL\* L10 Centreflow Wipers

### Single-ply construction for high-capacity absorbency

An industrial clean-up system that protects wipers from dirt and moisture while it guards against high maintenance costs. WYPALL\* L10 Centreflow Protector System is specially designed for use in tough working environments, which is why the dispenser is made of strong ABS plastic. Accommodating centreflow wiper rolls up to 600 wipers each, its jumbo-capacity dispenser minimises the need for restocking; cutting maintenance time and costs.

#### Features:

- Strength and durability for general clean-up tasks
- Economical and multi purpose
- Outstanding absorbency reduces use
- Closed system reduces contamination on wipers

WYPALL\* L10 Centreflow Wipers are manufactured in HACCP certified conditions

#### TYPICAL USES:

- General manufacturing areas
- Food service areas
- Food processing plants
- Laboratories
- Lodgings

## WYPALL\* L10 Roll Control Wipers

### Roll Control means cost control

WYPALL\* L10 Roll Control Wiping System is the ideal wiping solution for many of today's businesses particularly those in the manufacturing, food processing, hospitality and healthcare sectors due to its high versatility and HACCP certified wipers.

A technically advanced wiper roll, which combined with our specially designed Z-shaped dispensing channel, results in a unique roll control system. This breakthrough technology with its innovative off-set perforated roll delivers single sheet at every pull, virtually eliminating waste.

#### Features:

- Cost savings from one-at-a-time sheet dispensing
- Reduced waste from minimised streaming
- Increased hygiene as hands touch only the wiper used
- HACCP certified wipers are safe for food contact
- Water resistant dispenser
- Disposable wiper is suitable for any form of wiping

#### TYPICAL USES:

- Food service areas
- Food processing plants
- Lodgings
- Grocery outlets
- Manufacturing plants
- Healthcare

## WYPALL\* L30 Wipers

### Multi-ply construction for high-capacity absorption

WYPALL\* L30 wipers are better than ever for cleaning messes. WYPALL\* L30 Wipers offer a lighter weight wiper at a great everyday price. With one smooth side and one textured side, WYPALL\* L30 Wipers absorb as they clean. Value and performance - WYPALL\* L30 will do a million wiping task daily.

#### Features:

- Textured side for cleaning power
- Wipes cleanly, contains no binders or glue
- Multi-ply capacity for wiping off large spills
- Versatile, highly absorbent wipers that leave surface clean and dry

#### TYPICAL USES:

- Light duty clean-ups
- Janitorial and maintenance wiping
- Process line wiping and cleaning
- Single use parts and tools clean-ups
- Hydraulic leak soakers and wiping
- Conveyor and roller cleaning
- Retail store maintenance and cleaning

# WYPALL\* L40 Wipers

Quarter Fold / White

**WYPALL\* L40 Wipers** are an outstanding general-purpose wiper with good performance in a wide range of industrial cleaning and personal wiping tasks.

WYPALL\* L40 Wipers feature our unique DRC (Double Re-Creped) base sheet technology. This unique process creates an absorbent sponge-like inner layer that absorbs liquids fast, with a soft, touchable outer layer.

- Easily absorbs liquids, lubricants, and oils
- Soft enough for use on face and hands
- Setting the standard for general-purpose wiping for over 20 years

Description	Code No	Colour	Case Contents	Sheet Size
WYPALL*L40 Wipers	05701	White	8  x 56 	31.75cm x 33.02cm

# WYPALL\* Wipers

Versatile Wipers

# HYDROKNIT\* Fast Absorbing Material

HYDROKNIT\* is an exclusive patented technology of Kimberly-Clark. The HYDROKNIT\* Fast Absorbing Materials are made with water jets which entangle soft absorbent paper fibers with extra strong polypropylene non-woven fabric to increase absorbency and durability.

This innovative material features superior durability for better cost and work efficiency. Its rapid absorption rate enables efficient cleaning while low lint creates a streak-free finish.

Versatility is also a key benefit as the HYDROKNIT\* material can be used across various industries. These include healthcare, food service outlets, food processing plants, automotive industry, aviation, general manufacturing and lodgings.

# WYPALL\* X60 Wipers

Versatile. Economical. Hygienic.

WYPALL\* X60 Wipers bring the absorbing power of our HYDROKNIT\* Technology to a lighter-weight wiper. Outstanding yet versatile, its durable enough to handle general cleaning tasks while absorbent enough to be used for personal wiping. WYPALL\* X60 Wipers work as a single use wiper to help improve hygiene and reduce the risk of cross-contamination in your workplace.

Features:

- Made from HYDROKNIT\* Fast Absorbing Material
- Strong wiper construction ensures longer lasting performance, maintaining strength wet or dry
- Single-use, highly absorbent wiper minimises the risk of cross-contamination
- Extremely soft and gentle in texture; especially when wet, making the wiper suitable as a personal wash cloth
- Versatile and economical, delivering a balance between performance and value
- No adhesives or binders, leaves nothing behind
- Efficient and hygienic dispensing systems allow easy access to wipers for immediate use, while ensuring that individual wipers are hygienically dispensed
- Available in Quarter Fold, POP-UP\* Box and Jumbo Roll formats

TYPICAL USES:

- Applying thinners and solvents
- Cable lubricant removal
- Adhesive cleaning
- Removing grease and oil in tight areas
- Autoclaved for Healthcare applications
- Personal wiping in Healthcare
- Wiping surfaces
- Absorbing spills
- General cleaning

## WYPALL\* X70 Wipers

**Exceptional performance. Strong. Durable.**

WYPALL\* X70 Wipers have what it takes to take on those tough jobs. Count on WYPALL\* X70 Wipers for long lasting performance that extends usage and reduces waste, while helping to improve hygiene.

Absorbs more Water and Oil Faster Than Rags

### Features:

- Made from HYDROKNIT\* Fast Absorbing Material
- Strong and bulky — ideal for tough jobs such as cleaning grills, ovens or machinery
- Maintains strength (wet or dry) for long lasting, cost-effective performance
- Durable — can be used for a specific task during an entire shift
- Does not contain any adhesives or binders, leaves nothing behind
- Every wiper is identical in size, shape and quality, and hygienically clean, which means you get consistent performance every time
- Available in Quarter Fold and Flat Sheet format

### TYPICAL USES:

- Cleaning surfaces and tools
- Heavy-maintenance wiping
- Wiping metal shavings
- Wiping up liquid spills
- Absorbing oil, grease and water
- Cleaning sinks, grills and ovens
- Replacing tea towels
- Cleaning stainless steel surfaces
- Polishing surfaces

WYPALL\* X70 Wipers are manufactured in HACCP certified conditions

## WYPALL\* X80 Colour-Coded Wipers

**Colour-coded wipers for prevention of cross-contamination**

The best versatile and extended-use wiper. A high performance range ideal for clearing away spills and cleaning-up. Essential where health and safety are vital.

The wipers are ultra-absorbent, tear-resistant and hard wearing, so they last longer and you can rinse-out and re-use. The sheet-by-sheet dispensing controls usage. The superior wiping performance and 100% usage of each wiper offers you greater value through lower cost-in-use.

WYPALL\* X80 Wipers offer consistency and durability for repeat use. Made from unique non-woven HYDROKNIT\* Fast Absorbing Material.

### Features:

- Different colours for different areas and applications, prevent cross-contamination effectively
- Made of HYDROKNIT\* Fast-Absorbing Material, absorbs liquid, oils and spills faster and better
- Tough enough for extended use and reusable
- Cloth-like comfort for more effective clean-up
- 25-sheet poly-wrapped for more hygienic and convenient wiping
- Essential product for HACCP-compliant industries

### TYPICAL USES:

- Heavy-duty machines & parts wiping
- Prepping surfaces with solvents
- Cleaning rough surfaces
- Kitchen preparation and cleaning
- Foodservice general cleaning
- Healthcare segregation for hygienic application
- Heavy-duty wiping for any application, absorbing more oil and water

WYPALL* Food Service Towels	06351	Blue	1  x 150 	34cm x 61cm

WYPALL\* Microfibre Cloths with MICROBAN® Antimicrobial Product Protection

Efficient & hygienic cleaning solution

Efficient & hygienic cleaning solution for hotels and office buildings.

WYPALL\* Microfibre Cloths with MICROBAN® Antimicrobial Product Protection are designed with the cleaning professional in mind. WYPALL\* Microfibre Cloths help you to clean smarter, while inhibiting the growth of stain and odour-causing bacteria on the cloths. They are also environmentally friendly cleaning options that can be used without chemicals.

Efficient & hygienic cleaning solution

- the cloth lifts and traps dirt from surfaces for fast and efficient cleaning
- no chemicals required – helps reduce annual cleaning cost
- absorbs & retains up to 8 times its weight in liquid – efficient cleaning
- can be washed up to 300 times for better cost control
- available in 4 different colours - enables task segregation and helps to reduce cross contamination
- green cloth has smooth texture for glass and mirror cleaning

KIMTECH\* Wipers

Critical tasks in clean manufacturing environments

# KIMTECH PREP\* Surface Preparation Solutions

Engineered performance you can rely on

KIMTECH PREP\* SCOTTPURE\* Wipers are designed for wiping tasks where precision and reliability are essential. Engineered for excellent absorbency and low-lint wiping, these wipers are solvent resistant and contain no binders or surfactants. Rayon/polyester spunlace material for cloth-like softness. Applications include aerospace, clean manufacturing areas, DVD manufacturing and printing.

Description	Code No	Colour	Case Contents	Sheet Size
KIMTECH PREP* SCOTTPURE* Critical Task Wipers	6151	White	8  x 50 	30.4cm x 58.4cm

# KIMTECH PREP\* WETTASK\* Refillable Wiping System

Surface cleaning, disinfection and preparation made easy

The WETTASK\* Refillable Wiping System is the ideal alternative to using a spray bottle or open bucket in combination with a rag. This system combines all steps into one, making it easy to use and incredibly versatile. The wiper works best for any of your task and simply add the chemical solution you already use. It's an ideal choice for cleaning and disinfecting surfaces.

- Features:**
- Enclosed system helps reduce cross-contamination and exposure to chemical vapour or splashes.

- TYPICAL USES:**
- Surface cleaning and sanitising
  - Cleaning and removing soil, oil and grease
  - Solvent application
  - Healthcare disinfection
  - Food service cleaning

KIMTECH PREP\* Wipers is recommended for use according to cleaning task.

CHEMICAL TASK	CHEMICAL TYPE
General surface cleaning and degreasing	Detergents, water-based cleaners, mild solvents

Various quaternary amine disinfectants have differing shelf lives. For information regarding the proper use of WETTASK\* Wipers contact [Kimtech@kcc.com](mailto:Kimtech@kcc.com)

# KIMTECH PREP\* KIMTEX\* Wipers

Critical tasks in clean manufacturing environments

KIMTECH PREP\* KIMTEX\* Wipers provide an economical alternative to rags and shop towels by providing excellent wiping performance for heavy clean ups with low-lint wiping.

- Features:**
- Low-lint polypropylene construction
  - Perfect for use with oil and grease
  - Great for surface and parts cleaning and preparation
  - Acid-, base-, and solvent-resistant

- TYPICAL USES:**
- Furniture finishing
  - Engine assembly / repair
  - Pre-packaging wipe down
  - LCD panel assembly
  - Printing
  - Glass or window cleaning

# KIMTECH SCIENCE\* Wipers

Light duty tasks for delicate and precision wiping

# KIMTECH SCIENCE\* KIMWIPES\* Delicate Task Wipers

Light duty tasks for delicate and precision wiping

For over 60 years, Kimberly-Clark has set the standard for lab and delicate surface wiping. KIMTECH SCIENCE\* KIMWIPES\* Wipers are versatile options for critical and delicate tasks such as lab cleaning, surface/parts cleaning, instrument cleaning and lens cleaning.

Choose KIMTECH SCIENCE\* KIMWIPES\* Wipers for their versatility and proven performance.

- Features:**
- Low lint and low extractables
  - Gentle texture will not scratch delicate surfaces when used wet
  - Absorbent, easily wipes up liquids and dust
  - Handy POP-UP\* Box dispenses one at a time and is portable for convenient use
  - LINTGUARD® Anti-stat Polyshield helps further reduce lint and static build-up
  - Controlled usage one-at-a-time dispensing provided by POP-UP\* box

KIMTECH SCIENCE\* KIMWIPES\* Wipers are preferred over the leading private label delicate task wipers.

- TYPICAL USES:**
- Laboratories
  - Electronics assembly
  - Medical devices
  - Pharmaceutical

KIMTECH SCIENCE* KIMWIPES* Wipers	Leading Private Label Wipers
100% virgin fiber for purity	Mix of virgin and recycled fiber
Absorbs 18% more water	Absorbs less water
Absorbs water 24% faster	Slower rate of absorption
Preferred for softness; won't scratch delicate surfaces when used wet	Rougher feel

# Leak and Spill System

Designed for efficient disposal of loose liquids

Almost all workplaces have operations that can result in drips, leaks, splashes and spills and this can cause problems, from minor annoyances to major safety hazards.

Our Oil-Sorb Pads consist of absorbents that are designed for the single purpose of containing, picking up and assisting in the safe disposal of loose liquids. They are lighter, cleaner and easier to work with and are much more efficient compared to rags, sawdust, newspaper and even clay. Our system's efficiency makes clean-up and disposal significantly faster, easier and less costly.

- Features:**
- Our leak and spill system helps in reducing:
- Safety hazards such as chemical exposures, slips, trips, falls and fire among others
  - Damage to or contamination of products
  - Damage to facilities and equipments
  - Clean-up costs, downtime, lost productivity and personal injuries
  - Damage to company's image and worker's morale

- TYPICAL USES:**
- Oil and gas industries
  - Marine environmental protection
  - General manufacturing areas

Description	Code No	Colour	Case Contents	Sheet Size
OIL-SORB Pad	42880	White	1  x 100 	40cm x 50cm

# Crew® Critical Task Wipers

Extra low-lint wiper for cleanroom environments

Features:

- Low in particulate and halogen level cleanrooms
- Won't scratch sensitive surfaces
- Made from patented non-woven surface fabric
- Wipes cleanly to eliminate surface fibers and trapped particles
- Absorbent, soaks up four times its weight in liquids
- Acid resistant, won't disintegrate from chemical exposure

TYPICAL USES:

- Electronic assembly
- Semiconductor manufacturing
- Precision instruments and machinery
- Medical device and diagnostic industries
- Microbiotics
- Chemicals
- Food processing

Description	Code No	Colour	Case Contents	Sheet Size
Crew® Critical Task Wipers	42916	White	10  x 50 	29cm x 30cm

# KIMCARE INDUSTRIE\* Industrial Hand Cleanser

Products that bully grease and grime

No matter how tough your handworking task, KIMCARE INDUSTRIE\* Hand Cleansers are the right products for your workplace. From grease and grime to everyday dirt, our KIMCARE INDUSTRIE\* Hand Cleansers does the job well

Features:

- Natural solvent-based cleanser formulated to remove grease, grime, printers' ink and tar
- Corncob scrubbers provide scrubbing without the abrasion that can be associated with pumice or walnut shell grits
- Contains no petroleum solvent or mineral abrasive which could harm your skin
- Subtle citrus fragrance does not leave hands with "gasoline smell" - as with many other types of petroleum-based soap
- Presence of Aloe Vera and lanolin helps keep skin soft
- Sani-Tuff® wall mounted dispenser's controlled dispensing system eliminates cross contamination and reduces cost

TYPICAL USES:

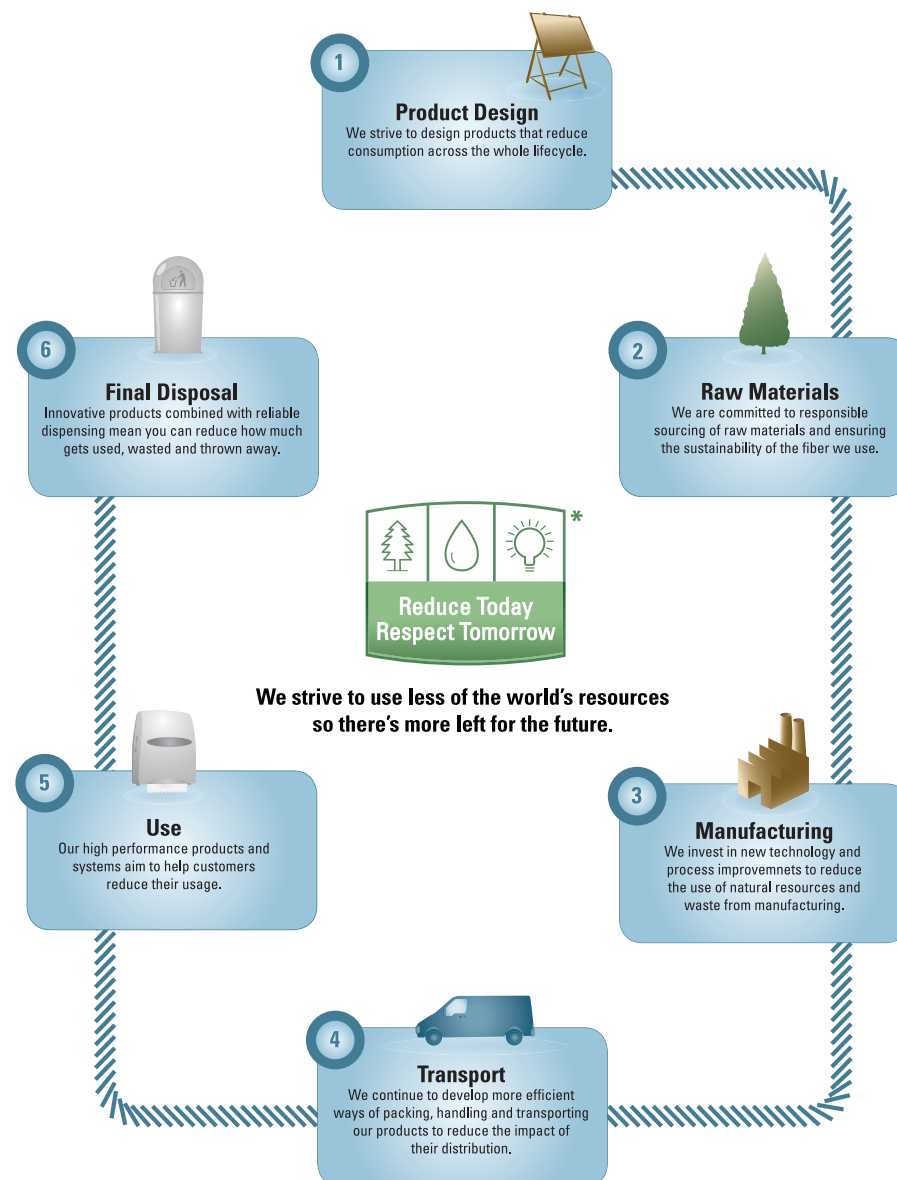

- Genaral manufacturing
- Automotive
- Machine shops
- Fleet maintenance
- Processing Plants

Description	Code No	Colour	Case Contents	Size

Please also ask us about our safety PPE solutions!

Kimberly-Clark warrants that its products comply with K-C's standard specifications as of the delivery date to K-C's authorized distributors. This warranty is in lieu of all other warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose. K-C is not liable under this warranty for any kind of special, incidental, or consequential damages. K-C's liability for breach of contract, tort, or other cause of action shall not exceed the product purchased price. Purchasers and users are deemed to have accepted the above warranty and limitation of liability, and cannot change the terms by verbal agreement or by any writing not signed by Kimberly-Clark.
