ALKALINE BATTERIES

E92BP4

E92BP2

X92RP4

A23BP2

ALKALINE PREMIUM

KEY POINTS

- The latest generation of our popular alkaline batteries
- Long-lasting, dependable power for your everyday devices
- Ideal for toys and games, remote controls, flashlights, smoke detectors, CD Players, clocks and radios and all manner of other devices in everyday use

ALKALINE ADVANCED

KEY POINTS

- More longer-lasting power for the devices you rely on
- Ideal for wireless gaming accessories and digital cameras
- Long-lasting power for devices with moderate to high drain rates such as: MP3 players, handheld game systems, portable CD players, camera flashes and lighting

CAR REMOTE BATTERIES

KEY POINTS

- Have been developed to provide optimum, long-lasting power and performance for your car remote

Energizer®

LITHIUM BATTERIES

SPECIALITY PHOTO

KEY POINTS

- Have been developed to provide optimum, long-lasting power and performance for your film and digital cameras, and flash units

LITHIUM MFG

KEY POINTS

- The world's longest lasting AA & AAA batteries in high-tech devices with high drain rates such as: digital still cameras, MP3 music players and portable LCD TV's
- Ideal for high-tech devices including digital cameras and handheld GPS units
- With ordinary alkaline batteries, you can take about 80** photos on a digital camera
- With Energizer® Ultimate Lithium® you can take up to 600*
- Last up to 7x longer in digital cameras versus ordinary Alkaline*
- Carries a 15-year shelf life
- Performs well in extreme temperatures (from -40°C to +60°C)
- Free of harmful Mercury and Cadmium with a leak-resistant design
- Weighs 1/3 less than standard alkaline batteries

*Results vary by camera **AA only

LITHIUM COIN

KEY POINTS

- High energy density and high voltage
- Long shelf life - leak resistant
- Wide temperature range for operation and storage
- Underwriters Labs (UL) component recognition for selected types
- Suitable for pulse discharge
- Ideal Standby power source
- Ideal for use in calculators, cameras, electronic games, watches and clocks, industrial monitors/controls, security devices, and remote keyless entry

CHARGERS & RECHARGEABLE BATTERIES

OVERNIGHT CHARGER

VALUE CHARGER

MINI CHARGER

RECHARGEABLE BATTERIES

OVERNIGHT CHARGER

KEY POINTS

- Comes packed with 4 x AA 2450mAh batteries
- Can charge: AA, AAA and 9V
- Charges from 900mAh to 2450mAh
- Up to 8.5 hour charge time
- Four individual LED indicators to monitor charging status of individual battery channel
- Designed with trickle charge
- Overcharge protection
- LED charge status: Light glows Red when charging. Off when charging is complete.

VALUE CHARGER

KEY POINTS

- Comes packed with 4 x AA 2000mAh batteries
- Charges from 900mAh to 2450mAh batteries
- Up to 18 hours charge time
- Always charge in pairs
- Overcharge protection
- LED charge status: Light glows Red when charging. Light glows Green when charging is complete.

MINI CHARGER

KEY POINTS

- Comes packed with 2 x AAA 900mAh batteries
- Charges 1 to 2 AA or AAA batteries
- Individual charging channels
- Up to 16 hours charge time
- Overcharge protection
- LED charge status: Light glows Red when charging. Light glows Green when charging is complete.
- Ideal for MP3 players

RECHARGEABLE BATTERIES

KEY POINTS

- Offer up to 4 times the performance of an ordinary alkaline battery in digital cameras (results vary by camera)
- Economical power solution for high-tech devices
- Ideal for toys and games, digital cameras and audio devices
- Re-use them 100's of times

HOUSEHOLD/SECURITY

CLED2AA LONG LIFE LED TORCH

KEY POINTS

- Up to 50 hours runtime on one set of batteries
- LED bulb uses less energy, so batteries last longer
- Super bright white Nichia® LED
- Use 2AA Energizer® batteries

CLED4AA LONG LIFE LED TORCH

KEY POINTS

- Up to 100 hours runtime on one set of batteries
- LED bulb uses less energy, so batteries last longer
- Super bright white Nichia® LED
- Use 4AA Energizer® batteries

E220KC FLASHLIGHT

KEY POINTS

- Available in a range of fun/funky colours
- Comes with a krypton bulb
- Suitable for various household lighting needs
- Use 2AA Energizer® batteries

E250KC FLASHLIGHT

KEY POINTS

- Available in a range of fun/funky colours
- Comes with a krypton bulb
- Suitable for various household lighting needs

RECHARGEABLE

RC110

RCE2AA2

RC110 RECHARGEABLE LANTERN

KEY POINTS

- AUTO ON power facility automatically turns the light on when the power fails if charging in the ON position
- Two light settings - normal bright to prolong battery use and extra bright for when you need that extra illumination
- Ergonomically designed carry handle
- High output 11 watt U-shaped tube
- Over charge and over discharge protection

RCE2AA2 RECHARGEABLE FLASHLIGHT

KEY POINTS

- 7 Lumens
- 1.75 hours runtime
- 29m beam distance
- 1 Krypton Bulb (KPR102)
- Survives 1m drop
- Runs on NiMH Rechargeable Battery
- Battery overcharge protection for increased battery life
- Wall bracket for easy storage

LEISURE & OUTDOOR

RC102 RECHARGEABLE AREA LANTERN

KEY POINTS

- Runtime is approximately 6 hours when fully charged
- During charging the LED will show red; once fully charged this will change to green
- 7 Watt U shaped fluorescent tube
- AC & DC 12V car adaptor with cord included
- Non-slip heavy duty rubber base
- Over charge and over discharge protection to extend battery and tube life
- Suitable for outdoor and indoor use

TUFRC1 HARD CASE RECHARGEABLE SPOT LIGHT 4AANiMH

KEY POINTS

- 65 Lumens
- 3 hours runtime
- 120m beam distance
- Survives 4.6m drop
- 1 x 3 Watt White LED
- Runs on 4AA NiMH Rechargeable battery

AV428 MINI AREA LIGHT

KEY POINTS

- Approximately 5 hours on 1 set of Energizer® Alkaline batteries
- 360° illumination
- Wide reflector for maximum light output
- Lantern can stand, hang or hook onto other objects (retractable hanging hook)
- Easy to use ON/OFF dial switch
- Ideal for outdoor use
- Use with 4AA Energizer® batteries

PRO123A INSPECTION LIGHT

KEY POINTS

- 30 Lumens
- 1.25 hours runtime
- Survives 4.6m drop
- 0.5 Watt White LED
- Impact resistant ABS plastic
- Weatherproof, rated to IEC standard IPX4
- Shatterproof lens
- Uses 2AAA Energizer® batteries

PRO2AA1 LED LIGHT 2AA

KEY POINTS

- 18 Lumens
- 20 hours runtime
- Survives 9m drop
- 3 x Nichia® White LEDs
- Impact resistant ABS plastic
- Weatherproof, rated to IEC standard IPX4
- Shatterproof lens
- Stainless steel side guards
- Rubber over mould for shock absorption & non-slip grip
- Use 2AA Energizer® batteries

PRO2D1 LED LIGHT 2D

KEY POINTS

- 65 Lumens
- 15 hours runtime
- Survives 4.6m drop
- 3 Watt White LED
- Impact resistant ABS plastic
- Weatherproof, rated to IEC standard IPX4
- Shatterproof lens
- Stainless steel side guards
- Rubber over mould for shock absorption & non-slip grip
- Use 2D Energizer® batteries

PROHL3A HEAD LIGHT

KEY POINTS

- 100 Lumens
- 15 hours runtime
- Survives 4.6m drop
- 3 Lighting options : 1 CREE white, 2 Red & 1 Green LED
- Non slip headband
- Use 3AA Energizer® Batteries

- Lightweight
- Flexible neck allows for a hands free multi-position
- Large spring clips can be used on any surface
- Use Energizer® Lithium Coin Cells (ECR2032)

HDL33A1 HEADLAMP WITH BATTERIES

KEY POINTS

- LED Bulb : 2 x White LEDs & 1 x Red LED
- Light Output : 18 Lumens
- Number of Modes : 2
- Runtime : 30 hours on Optimal
- On/Off Switch : Slide Button
- Dimension of headlight (excl strap) : 44.5 (H) x 77 (W) mm
- Battery Requirement : 3 x AAA Energizer® Batteries

HDL33A2 HEADLAMP 6 LED

KEY POINTS

- LED Bulb : 4 x White LEDs & 2 x Red LED GOLD
- Light Output : 36 Lumens
- Number of Modes : 3
- Runtime : 19 hours on Optimal & 30 hours on Flood
- On/Off Switch : Slide Button
- Dimension of headlight (excl strap) : 44.5 (H) x 77 (W) mm
- Battery Requirement : 3 x AAA Energizer® Batteries

LED2BU1 KEY RING HIGH TECH LED

KEY POINTS

- Bright white light from Nichia® LED bulb - 14 lumens
- Durable, metal casing
- Sturdy clip secures keys firmly to light
- Compact size - fits easily into pocket, purse and bag
- Energy saving - runs up to 30 hours on one set of batteries
- Lifetime lamp life - saves the hassle of bulb changing

GENERAL

METAL LIGHT 2AA

EASY LIGHT LED

LCM2AA LED METAL LIGHT 2AA

KEY POINTS

- Reliable Nichia LEDs (Japan technology)
- Textured surface for firm grip
- Handy - flashlight fits nicely in hand
- Strong metal casing that lasts
- Great for rugged use
- Bright white light - 55 lumens light output
- 1.35 hours* of bright light per set of batteries
- Using 2 x Energizer® Max AA batteries

PL314 EASY LIGHT LED

KEY POINTS

- 1 x Nichia white LED
- Practically never needs replacing
- Virtually unbreakable
- Energy saving so batteries last longer
- Easy ON/OFF
- Simply press on center piece to switch light ON and OFF
- Versatile
- Comes with 2 mounting plates for easy attachment to any surfaces
- Stainless steel casing
- Multi-reflector lens
- For wide & smooth illumination
- Compact and sleek design
- 55 hours runtime per set of batteries
- Uses 3 x AAA batteries
