

# PULL-ON HIGH CUT 23281

A well designed heavy duty 10-inch high cut safety boots with maximum foot and lower calf protection and pull-up straps. This boot is commonly used in the petrochemical, oil & gas, and marine industries.

## SPECIFICATIONS

- Type** : High Cut
- Model** : Pull-on
- Size** : 2-14 (UK) / 35-48 (EU)
- Colour** : Black / Brown
- Upper** : Water Resistant Leather
- Lining** : Cambrelle®
- Outside** : Direct Injection Polyurethane
- Rating** : CE EN 20345:2011 S3 SRC

## FEATURES

### SOLE CONSTRUCTION

- Direct-injection Polyurethane outsole which provides lightweight comfort, non-marking, oil/abrasion/slip/chemical; resistance and unparalleled durability.
- Resistance against heat (heat to 130°C)
- Antistatic
- Shock absorbent

### UPPER CONSTRUCTION

- Water Resistant Leather Upper which endures harsh conditions and provides soft, comfortable fit.
- Genuine Cambrelle Lining which is breathable, absorbs sweat quickly and dries rapidly to keep your foot dry and cool. Extremely abrasion-resistant for enhanced durability.
- High quality corrosion resistant toe-cap which surpasses CE EN 20345:2011 whereby standard impact resistance exceeds 200J and compression resistance exceeds 15,000N.
- Full-length flexible stainless steel midsole which exceeds CE EN 20345:2011 penetration resistance safety standards of 1,100N.
- Extra thick EVA cushion insole with shock absorption, anti-bacterial/fungal and anti-static properties. It also provides extra comfort for long hours of usage.
- Cushioned foot bed with anti-stress arch-support that minimizes sprains.
- Fibre counter for better heel support.

SHOCK ABSORPTION

SLIP RESISTANT

CHEMICAL RESISTANT  
General, Diluted

PENETRATION RESISTANT  
Midsole Exceeds 1,100N

HEAT RESISTANT  
Up to 130deg°C

OIL RESISTANT

IMPACT RESISTANT  
Toe Cap Exceeds 200J

COMPRESSION RESISTANT  
Toe Cap Exceeds 15,000N

ANTISTATIC

ABRESION RESISTANT
